## **New Group Membership in the Consistent Life Network**

We hereby join the Consistent Life Network, endorsing its mission statement:

We are committed to the protection of life, which is threatened in today's world by war, abortion, poverty, racism, the death penalty and euthanasia. We believe that these issues are linked under a "consistent ethic of life." We challenge those working on all or some of these issues to maintain a cooperative spirit of peace, reconciliation, and respect in protecting the unprotected.

We understand the Consistent Life Network may use our group name as a member group in literature, advertisements, and promotional material.
